TECHNICAL SKILLS

Languages:
Java, Python, C, JavaScript, HTML, CSS

Frameworks & Tools:
Node.js, Express.js, React.js, RESTful API, Git, GitHub

Databases:
MySQL, MongoDB, Neo4j

Core Skills:
Software Development, Full Stack Development, Backend Development, Machine Learning, Data Structures, Product Building

CORE COMPETENCIES

Communication

Leadership

Adaptability

Team Building

Creativity

LANGUAGES

English

Hindi

Kannada

ABOUT ME

A highly motivated and enthusiastic Computer Science student pursuing a Bachelor's degree, with a strong foundation in core programming concepts, data structures, and algorithms. Possessing hands-on experience in building web applications, full stack applications, AI/ML, and passionate about leveraging technology to solve complex problems. Eager to contribute technical skills and learn in a dynamic professional environment.

EDUCATION

B.E. in Computer Science Engineering
Cambridge Institute of Technology, Bangalore (VTU)
2022–2026 | CGPA: 8.6/10

Class XII (Science)
BGS Gurukula PU College
2020–2022 | 94%

Class X
Kanaka Vidya Samashte
2019–2020 | 92%

EXPERIENCE

Java Application Development Intern
Sasken Technologies | 2024 – Present

- Backend development for Course Management System, focusing on training tracking and user role management.
- Developed course assignment logic and progress monitoring features within an Agile team.

AI/ML Intern
Samsung Prism | 2023–2024

- Developed AI-based image deblurring models using Python and PyTorch.
- Managed a team to deliver project milestones on time, focusing on model training and testing.

PROJECTS

AI-Based Image Deblurring System
Developed an AI application to restore blurred images using Python and PyTorch. Trained models on large datasets, improving image clarity and accuracy with deep learning.

OfferMania E-commerce Platform
Built an e-commerce aggregator integrating offers from sites like Flipkart using Node.js and Express.js.

ConstroTech Solution Web Application
Developed a web application for an interior design company to showcase services and engage clients.

Course Management System (Java)
Built a Java-based application for admin, teacher, and student roles, enabling course management and user data access.

CERTIFICATIONS

- Programming in C Language – NPTEL, IIT Kharagpur
- Python Programming – Samsung Innovation Campus
- Samsung Prism Internship Certificate

ACHIEVEMENTS

- Solved 100+ LeetCode problems, enhancing algorithmic and problem-solving skills.
- Managed a team during Samsung Prism Internship, achieving project goals and deadlines.
- Participated in multiple hackathons, gaining hands-on experience in rapid development and innovation.
- Achieved 94% in Class XII, reflecting academic excellence.
